

REMARKS

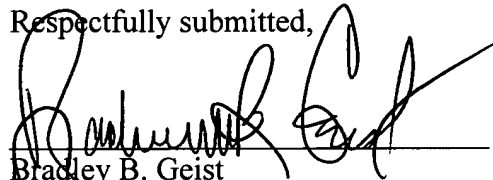

Claims 11, 14-23 are currently pending. Claims 20 and 22 have been amended to be consistent with the previous amendment to Claim 11 by incorporating the limitation "said control system further comprising an operator-control computer...".

Applicants appreciate the opportunity to respond to the rejection of Claims 20-23 which was inadvertently omitted in the Amendment filed on August 8, 2005.

Claims 20-23 are now believed to patentably distinguish over the Foulds reference for the reasons advanced in the Amendment dated August 8, 2005 on pages 9-12, which are incorporated herein by reference.

Favorable action on the merits is now requested.

Respectfully submitted,
